

STATEMENT OF FAITH

- † **We believe** the Bible to be the inspired, the only infallible, authoritative Word of God.
- † **We believe** that there is one God, eternally existent in three persons: Father, Son and Holy Spirit.
- † **We believe** in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death through His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father, and in His personal return in power and glory.
- † **We believe** that the salvation of lost and sinful man, regeneration by the Holy Spirit is absolutely essential, and that the salvation is received through faith in Jesus Christ as Savior and Lord and not as a result of good works.
- † **We believe** in the resurrection of both the saved and the lost; they that are saved unto the resurrection of life and they that are lost unto the resurrection of damnation.
- † **We believe** in the spiritual unity of believers in our Lord Jesus Christ.

The Appalachian Pregnancy Care Center, located at 193 Main Street, in Pikeville, was established to offer services and support for women and teens facing the uncertainty of unplanned pregnancies. By making help and services available to those who need it, coupled with a sense of caring and compassion, APCC aims to offer a viable alternative to abortion.

Many pregnant women and teens choose abortion because they believe it is the only option for dealing with crisis pregnancies. In fact, other options are available, and one of the goals of the pregnancy center is to provide information about these options. Studies have shown that 90% of women who underwent an abortion would not have done so had they had access to positive alternatives.

Statistics illustrate the growing need for the type of services offered by APCC: 750,000 girls become pregnant each year and 31% of teenage girls become pregnant at least once before they turn the age of 20. Faced with raising a child on their own while attempting to attend school, along with a potential shortage of funds, many teens opt for abortion as a solution to what they see as a hopeless situation.

The center intends to bring hope to persons facing these types of circumstances. APCC offers services, advice and spiritual assistance to women and teens who wish to make use of the center. Information and advice on prenatal care as well as parenting is available in order to assist young mothers in reaching their personal and professional goals. Additional services available at APCC include free pregnancy testing, Christian counseling, free diapers for recent flood victims children and post-abortion counseling through Biblical studies for both men and women.
